NUMBER 89.

DAY OF ADJOURNMENT

Will Be Early In April According to Speaker Reynold's Views.

THE CLARK LOCAL OPTION BILL

Is Reported Back to the Senate Without Recommendation and Date For Consideration Fixed For Wednesday.

Columbus, O., March 8.—Senator Sieber, for the judiciary committee, reported the Clark local option bill back from the committee without recommendation, and on Senator Merchant's motion it was made a special order for 10:30 a. m. Wednesday next.

Senator Nippert introduced a bill providing for the teaching of physical culture in all the schools of the state. Boards of education may employ special teachers for this or require the regular teachers to do the work, but not less than 20 minutes each school day shall go to physical culture.

Senator Durham introduced a bill which is intended as a substitute for his bill to authorize boards of health of cities to provide garbage disposal plants. This bill puts the power in the hands of city councils, and gives the boards of health merely the power of recommending.

Senator Borein introduced a substitute for his bill requiring teachers in county schools to teach music and to be examined on that subject. The new bill provides that township boards of education may employ music teachers.

Senator Long introduced a bill requiring all insurance companies organized under the laws of other nations to pay 5 per cent on their gross receipts annually for the privilege of doing business in Ohio. This is in addition to the 2 per cent on gross receipts required now.

The employees of the last senate who failed to get their pay for the usual 10 days' extra services after the adjournment, because the auditor held that the resolution under which pay was authorized was not valid, are up against the state auditor again. The resolution adopted by the senate at the request of Senator Wilhelm, chairman of the claims committee, included pay for these employees. John J. Brody, one of the sergeants-at-arms in the last senate and retained as such officer in the present one, presented his voucher for his long-delayed pay and Chief Clerk Corman refused to pay it.

Senator Patterson introduced a bill which provides that a purchaser of a tax title may, after two years have run and the owner has not redeemed the land, bring suit in court against the owner, and make all claimants against the property, parties to clear the title and get absolute possession of the property.

In the House.

The controversy between the senate and house regarding the Troy bond bill was finally settled so far as the house is concerned. Messrs. DeRan and McCurdy, having examined the records, submitted a report verifying Mr. McCurdy's resolution, except as to the statements of facts, for which there was no record. Mr. McCurdy's resolution, amended so as to strike out such averments, was adopted and messaged with the bill back to the senate. By this action the house washes its hands of the whole matter.

Speaker Reynolds gave it as his opinion that the legislature will be prepared to adjourn at noon Monday, April 2, or not later than Monday, April 9. The appropriation bill for 1900 will be reported by the finance committee about the middle of next week, and the bill for 1901 a few days later. After that the session will be rushed to a finish.

After the joint session of the senate and house finance committees to listen to arguments for the Ohio centennial, the house finance committee met again and talked over the project. It is learned from indirect sources that the disposition of the committee just at this time is to allow the exposition only \$500,000. However, the promoters of the centennial are hopeful that the committee may yet see the wisdom and propriety of giving the centennial funds ample to make it a creditable exposition.

A number of the finance committee said that if the committee decides to recommend an allowance of \$1,000,000 it will report favorably the Griffin bill to appropriate \$500,000 in two annual installments and issue certificates for the other \$500,000, redeemable in 1904 and 1905. But if the committee decides to allow only \$500,000, that amount will be provided for in the regular appropriation bills.

The finance committee recommended for passage Mr. Craft's bill authorizing

the state board of agriculture to issue \$120,000 bonds to improve the state fair grounds.

Mr. Hendley of Hamilton introduced a school board ripper bill for the city of Cincinnati, which seeks to abolish the present board, and substituting therefor a board of five school commissioners, who are to be elected for three years, at \$4,00 each per year.

The house committee on county affairs has decided to report favorably the Gehrett road bill giving county commissioners authority to order improvement of public highways, issue the bonds therefor and make the levy.

Mr. Russell of Meigs county introduced a bill to add to the status covering the crime of arson the burning of straw stacks.

THE DATE SET

For the Vote on the Conference Report of Financial Bill.

Washington, March 8.—At the opening of the session of the house Mr. Overstreet (Ind.), in charge of the conference report upon the financial bill gave notice that he would call up the report next Tuesday. By unanimous consent it was agreed that the vote on the report should be taken at 4:30 Tuesday afternoon. The debate upon contested election cases of Aldrich versus Robbins, from the Fourth Alabama district, which was interrupted by the adjournment out of respect to the memory of the late Representative Harmer of Pennsylvania, was then resumed under the agreement that the vote should be taken at once. Mr. Hamilton (Mich.) addressed the house in behalf of the claims of contestant, Mr. Aldrich.

To Return Troops.

Washington, March 8.—By direction of Acting Secretary of War Meiklejohn instructions have been sent to Major General Otis to return to the United States some time in May one battalion each of the Fourteenth, Eighteenth and Twenty-third infantry. The withdrawal of these troops was recommended by Major General Miles several months ago. He pointed out to the department that the three regiments designated would have been two years in the Philippines in June next. There is no doubt that the decision of the department to withdraw three battalions, which number more than 1,200 men, is influenced to some extent by the disorganization of Filipino army and the prospect that the American troops will no longer meet with resistance from an organized force.

Ship Subsidy BILL

Washington, March 8.—The house committee on merchant marine and fisheries held an extended session with a view to completing the shipping subsidy bill, which has been under consideration for some time. The bill as originally introduced was taken up and served as a basis for action, a number of amendments being made along the lines of the substitute measure proposed by Representative Miner of Wisconsin and some of his Republican associates. A new amendment intended to prevent the creation of a trust in shipping interests was proposed by Representative Stevens of Minnesota, and caused extended discussion. By a vote of 10 to 5 the bill was ordered reported.

To Extend Time.

Washington, March 8.—Several conferences were held with the president on the pending reciprocity treaty with France, with the result, it is thought, that the French government will be communicated with on the proposition to extend the time for its final ratification or rejection. By the terms of the treaty action must be taken thereon before the 24th of the present month.

River Improvements.

Washington, March 8.—The senate committee on commerce granted a hearing to a number of persons interested in river improvements, among them being James Selden Cowden, in the interest of his plan for the improvement of the Mississippi river.

No New Facts.

Washington, March 8.—James R. Sovereign continued his testimony at the Coeur d'Alene investigation before the house committee on military affairs. His cross-examination developed no new facts.

Act of Students.

Bordeaux, March 8.—A number of students and others issuing from a pro-Boer meeting marched to the British consulate, battered down the door, shattered the windows with stones and then proceeded to the consul's private residence, where they indulged in similar demonstrations. The police dispersed the mob and arrested several of the leaders. The prefect of the Gironde, the mayor of Bordeaux and the commissary of police called on the consul and expressed their regret at the occurrences.

QUEEN VISITS LONDON.

Enthusiasm Unparalleled Since the Jubilee Celebration.

GREAT CROWDS GATHER AT PALACE.

In the Spacious Courtyard of Her Majesty's Town Residence a Gathering of England's Best Blood Welcomed Her.

London, March 8.—The queen's arrival in London and the commencement of her visit to the metropolis were marked by scenes of enthusiasm unparalleled since the jubilee celebration.

Throughout the demonstration there predominated a note of triumph and the cheers that made the murky streets ring were almost as much in honor of the British victories in South Africa as they were vociferous tributes of a loyal people to a monarch whose womanly sympathy has been so strikingly shown since the war began.

The royal party's departure from Windsor was marked by more than usual interest. For hours before the queen started for London crowds gathered in the streets which had been announced as her route through the metropolis, and which were decorated with the flags. It was foggy and cold, but no one seemed to care.

At Paddington the railroad station had been cleared of the general public, but outside thousands of people waited patiently. When the train from Windsor arrived at 12:30 p. m., a tremendous cheer went up. Her majesty came down the sloping platform, leaning on the arm of a turbaned Indian attendant and entered an open landau, in which also sat Princess Henry of Battenberg and Princess Victoria of Schleswig-Holstein. They all wore black and round her neck the queen had a sable collar.

From the packed sidewalks and from every available window came a continuous roar of cheers, while hundreds of little flags were waved all the way to Buckingham palace. The side streets were packed 20 and sometimes 100 deep. But it was around the palace itself where the chief crowd gathered. By 9 in the morning carriages, cabs and vehicles of every sort, peopled from the city and west end and distant parts of the country, congregated in St. James park, which the place fronts. By noon it was estimated that 50,000 people were gathered about the queen's town residence. There were hundreds of police on hand, but they had little difficulty in keeping the crowd in order and opening passages for peers, members of the house of commons and members of the household, who were alone privileged to pass the great railings that shut off the palace. In the spacious courtyard of the palace a representative gathering of Great Britain's best blood and brains walked up and down, chatting about the war and politics, jealously watched by the crowd, who were not fortunate enough to get near the palace itself climbed up trees or stood on top of cabs, brightening the bare park with flags. The women's dresses, which were unusually gay, also served to enliven the scenes.

Given an Ovation.

Shortly after noon the Duke and Duchess of York drove into the courtyard and received an ovation. Mr. Chamberlain, the secretary of state for the colonies, joined the distinguished throng in the courtyard unnoticed. Later the Duke and Duchess of York appeared on a balcony in front of the palace.

As time passed the crowds outside grew more dense and the peers and members of the house of commons trooped out of sight into the inner quadrangle, where they waited to receive the queen.

Then from Constitution hill came the dull roar of distant cheers and the cry "She is coming!" was passed from mouth to mouth. "Stand back there!" ordered the police and the peeresses and ragged women edged away as well as they could, ladies not being permitted in the courtyard.

Now the roar was taken up by those within the precincts of the palace. Back on their creaking hinges flew the great gates and up went the royal standard. A patrol of police went by; there was a flash of steel as the Lifeguardsmen and outriders trotted through the gates, and then all hats flew in the air. A mighty cheer arose, and slowly there passed a carriage on the back seat of which sat a little black figure, heavily veiled and nodding right and left. Suddenly, for the first time in the day, the sun came out from behind the clouds and shone over the shouting thousands and piercing the veil, it showed happy smiles

lighting up the aged monarch's face. It was a repetition of the scene of the jubilee—queen's weather in the truest sense of the words.

Still nodding vigorously, her majesty passed out of sight into the quadrangle. There the peers and commoners assembled sang "God Save the Queen," and her majesty entered the palace.

FATHER MOELLER

Is Said to Be Booked For Bishop of Columbus Diocese.

Cincinnati, March 8.—Unofficial advices from Rome announced the selection of Henry Moeller, secretary and chancellor of the archdiocese of Cincinnati, as bishop of Columbus. The papal approval is expected soon. Father Moeller refuses to say anything about the matter. He was born in Cincinnati in 1849. He was one of the first students in the American college at Rome. He was formerly pastor at Bellefontaine, O., and professor at St. Mary's seminary.

New Incorporations.

Columbus, O., March 8.—Miller City Telephone company, Miller City, \$5,000; Hettrick Bath Cabinet company, Toledo; \$10,000; Eagle White Lead company, Cincinnati, increase from \$500,000 to \$1,000,000; William E. Gang company, Cincinnati, increase from \$12,000 to \$40,000; Reliance Manufacturing company, Cleveland, amending changing name to Wright Manufacturing company; Toledo and Michigan Railway company, \$19,000.

Cocking Main a Zanesville.

Zanesville, O., March 8.—Possibly the greatest cocking main ever known in Ohio occurred here. Sportsmen of the whole state were present. Twenty-five thousand dollars changed hands, most of which was lost by a Zanesville people, as the home birds were worsted. No police interference was attempted.

Protest of Chinese Consul.

San Francisco, March 8.—The Chinese consul general here has issued a proclamation, which is endorsed by the Six Companies, protesting against the action of the board of health and police in quarantining Chinatown because of the discovery of a suspected case of bubonic plague. He says he has investigated the matter and finds that the man died of a common ailment, after an operation had been performed. He declares that there has been no excuse for the blockade which has been placed on the Chinese quarter, and says: "Should this outrageous conduct be continued, I will invoke the protection of the treaty now existing between the United States and China." The city board of health has decided to enforce the quarantine in Chinatown with the greatest possible strictness.

Oriental Carnival.

San Francisco, March 8.—Mayor Phelan has received from Consul General Ho Yow a communication outlining the plan of an Oriental carnival, which the Chinese residents of San Francisco desire to celebrate in this city on the festival days of the Feast of the Dragoon, which occurs in June. Permission is requested to decorate Market street in Oriental style by experts to be brought from China, and to give a display of fireworks surpassing anything before seen here. President McKinley and the governors of all the states will be invited.

Amalgamation Favored.

Indianapolis, March 8.—At the opening session of the national Social Democratic convention the conference committee, composed of three representatives from the Socialist Labor party and three representatives of the Social Democratic party, reported in favor of the amalgamation of the two parties. The amalgamation seemed to indicate the unanimous nomination of Eugene V. Debs of Indiana for president and Job Harriman of California for vice president. Harriman said the arrangement would be satisfactory to him.

Non-Union Go to Work.

Chicago, March 8.—Under heavy police guard over 300 nonunion workmen were given work by contractors engaged in erecting various buildings. This was the first serious attempt on the part of the contractors to resume the work interrupted by the strike of the unions affiliated with the building trades council. Nearly all of the unfinished buildings were heavily picketed by the unions, but beyond one or two attempts to persuade the nonunion men not to go to work, no attempt was made to interfere.

Havre, March 8.—The anxiety in regard to the overdue French liner Paulliac, which sailed from New York Feb. 5 for this port, is increasing. The officials of the company express the hope that the Paulliac, with her machinery deranged, has merely drifted out of the track of the Atlantic liners

LEFT COOKED DINNERS

The Boers Hastily Retreat According to Report of Roberts.

OTHER INFORMATION ABOUT WAR.

The British Field Marshal Sends in a Partial List of Casualties, Showing That Several Officers Were Killed.

London, March 8.—The full extent of Lord Roberts' success of Wednesday is not clear, but the best informed appear satisfied that it brings peace perceptibly nearer.

Experts anticipate that the burghers will make no further stand west of the Free State capital, and some of them even deduce from the fact that the Boer forces are divided and have retreated in different directions, that demoralization has set in and that the Transvaal forces will next be found carefully entrenched in positions north of the Vaal river, while the bulk of the Free Staters will abandon the contest and sue for peace.

Elsewhere the news indicates that the conditions continue cheerful from a British point of view, the telegrams from Mafeking alone showing any despondency.

Message From Roberts.

London, March 8.—The following is the text of Lord Roberts' dispatch, under date of Poplar Grove, March 8: "Two brigades of cavalry with horse artillery and Kelly-Kenny's division, marched 10 miles eastwards. The Boers were quite taken by surprise. They moved off so hurriedly that they left cooked dinners behind. We captured a Krupp gun and several tents and wagons. The total casualties were: Killed, Lieutenants Keswick and Frieslik; wounded, Lieutenants Bailey of the Twelfth Lancers and Dechispigney of the Second Lifeguards, both severely, and Lieutenant Smith of the Shropshire, who is believed to have been picked up by a Boer ambulance. Two men were killed, 46 were wounded and one man is missing. Gatacre reports that he intends occupying Burghersdorp at once. Repairs to the railroads towards both Stormberg and Steynsberg are being pushed. Clements now occupies Norvalspont, on the south bank of the Orange river. The bridge was blown up March 6, and the enemy are holding the north bank of the river, but not, it is believed, in any great strength."

Typhoid Malaria at Mafeking.

Mafeking, March 8.—What may be typhoid malaria has broken out in the women's laager and dysentery, due to the absence of vegetables, is rife among the garrison. We are thrown upon our own resources. Such luxuries as we had are exhausted or have been commandeered for the hospitals, which are filled to overflowing. The children's graveyard, close to the women's laager, grows weekly, as the young lives are cut short prematurely by shell and fever. We look with hope deferred for relief. The cheerfulness which was characteristic of the early days of the siege has almost deserted us, the men preferring to remain at their posts rather than move about and work up an appetite which can not be satisfied. The natives are in the worst plight.

Boers Not Discouraged.

Pretoria, March 8.—Secretary of State Reitz has issued war bulletins was bulletins saying the Boers are not discouraged by reverses and will fight to the death. General Dewet is now in command of the Boers north of the Modder river. President Kruger has gone to Bloemfontein presumably to settle the differences between the Transvaalers and the Free Staters.

Message From White.

Ottawa, Ont., March 8.—General Sir George White has cabled the governor general as follows from Ladysmith: "I thank your excellency, and, through you, Canada, for congratulations in the name of self and Ladysmith garrison."

Captured a Krupp Gun. London, March 8.—Lord Roberts telegraphs that he has captured a Krupp gun and a number of tents and wagons. The general also announces that General Clements has occupied Norvalspont.

Smallpox on the Newark.

San Francisco, March 8.—Information that smallpox has appeared on the cruiser Newark has been made known through letters sent from a member of the crew to a relative here. While the vessel was at Vigan, a port in northern Luzon, two men were discovered to be suffering from the disease and sent ashore. That more cases developed later is evident from letters which came via the transport Hancock.

THE McCHORD BILL

The Act to Prevent Extortion by Railroads Has Passed Both Branches of the Legislature.

The votes of fifty-six Democrats of the House of Representatives passed the McChord Anti-extortion Railroad bill. Probably no other measure before the General Assembly for many years past has been so bitterly and persistently opposed by corporate influences, says a Courier-Journal special. C. C. McChord, now Chairman of the State Board of Railroad Commissioners, first drafted and introduced the bill at the session of 1898. It was strongly indorsed by the late Gov. Goebel, who made it a plank in his platform. In the session of 1898 the bill passed the Senate and House, but it was vetoed by Gov. Bradley, and there were not enough Democratic votes in the Senate to get the necessary two-thirds majority so as to make it a law over his veto. Mr. McChord had the bill introduced at this session in the Senate by Mr. Carter and in the House by Mr. Nelson. Last week it passed the Senate, receiving 19 votes. Wednesday, the vote in the House was 56 to 42, a larger majority than the Democrats had expected. Messrs. Grider and Hinton both voted for it, though Mr. Grider supported the amendments. Mr. Orr and Mr. Henry did not vote at all. Messrs. Armstrong and Klair were the only Democrats voting against the measure.

The act is as follows:

Be it enacted by the General Assembly of the Commonwealth of Kentucky: Section 1. When complaint shall be made to the Railroad Commission accusing any railroad company or corporation of charging, collecting or receiving extortionate freight rates over its line or lines of railroad in this Commonwealth, or when said commission shall receive information, or have reason to believe that such rate or rates are being charged, collected or received, it shall be the duty of said commission to hear and determine the matter as speedily as possible. They shall give the company or corporation complained of not less than ten days' notice, by letter mailed to an officer or employee of said company or corporation, stating the time and place of the hearing of same, also the nature of the complaint or matter to be investigated, and shall hear such statements, arguments or evidence offered by the parties as the commission may deem relevant; and should the commission determine that the company or corporation is, or has been, guilty of extortion, said commission shall make and fix a just and reasonable rate, toll or compensation which said railroad company or corporation may charge, collect or receive for like services thereafter rendered. The rate, toll or compensation so fixed by the commission shall be entered and be an order on the record book of their office and signed by the commission, and a copy thereof mailed to an officer, agent or employee of the railroad company or corporation affected thereby, and shall be in full force and effect at the expiration of ten days thereafter, and may be revoked or modified by an order likewise entered of record. And should said railroad company or corporation, or any officer, agent or employee thereof, charge, collect or receive a greater or higher rate, toll or compensation for like services thereafter rendered than that made and fixed by said commission, as herein provided, said company or corporation, and said officer, agent or employee, shall each be deemed guilty of extortion, and upon conviction shall be fined for the first offense in any sum not less than \$500 nor more than \$1,000, and upon a second conviction in any sum not less than \$1,000 nor more than \$2,000, and for third and succeeding convictions in any sum not less than \$2,000 nor more than \$5,000.

Sec. 2. The Circuit Court of any county into or through which the line or lines of road carrying such passenger or freight, owned or operated by said railroad, and the Franklin Circuit Court shall have jurisdiction of the offense against the railroad company or corporation offending, and the Circuit Court of the county where such offense may be committed by said officer, agent or employee.

Sec. 3. Prosecutions under this act shall be by indictment.

Sec. 4. All prosecutions under this act shall be commenced within two years after the offense shall have been committed.

Sec. 5. In making said investigation said commission may, when deemed necessary, take the depositions of witnesses before an examiner or Notary Public, whose fee shall be paid by the State, and upon the certificate of the Chairman of the commission, approved by the Governor, the Auditor shall draw his warrant upon the Treasurer for its payment.

The farm was rented the third day, and Mr. Thomas Cummins, to whom prospective renters had been referred, has been spending a good deal of his time telling the crowd who have since responded that they were too late.

WIDOW SAFFELL.

She Sets at Rest the Story About Col. Chinn.

The Latter Will Sue the New York World for \$100,000 Damages for Libel.

FRANKFORT, Ky., March 7.—Mrs. Amelia B. Saffell, of this city, who is the "Widow Saffell" referred to in a story recently published by a New York paper, intimating that Colonel Jack Chinn shot Governor Goebel, gave a signed statement to Colonel Chinn this afternoon denying the whole statement in toto. She went to the Capitol Hotel, sent a messenger for Colonel Chinn, and in the presence of witnesses dictated and signed the following statement:

"There is a statement in the New York World, a copy of which is published in the Louisville Post issued on the 5th of March, 1900, purporting to have been made by the undersigned to the effect that I had just gone into the State House yard on my way to the Adjutant General's office when Senator Goebel passed and tipped his hat. A man in front of Goebel was Eph Lillard; a man walking slowly behind him I did not know. When Mr. Goebel reached a point just to the right of the fountain I am made to say that I saw the man just behind him draw his pistol with his left hand and shoot toward Goebel; that the man who used the weapon ran into the State House, reaching the steps as Eph Lillard closed the glass doors, and that he ran out and ran to Goebel's side.

"I kept a boarding house in Frankfort on Broadway, near State House square, and am the Widow Saffell referred to.

"I wish now to state that the entire statement as to what I said or purported to have said is false from beginning to end, and I now retract any statement I may have made reflecting on Mr. Jack Chinn in any manner as connected with the murder or the shooting of Senator Goebel, nor did I see any man following behind Goebel on that day or the shooting of Goebel by any one.

"The statements I have made, whether verbal or in writing, were without foundation and not the truth, as I did not witness the shooting, and have no idea who fired the fatal shot.

"Mrs. AMANDA B. SAFFELL.
"Witnesses: C. M. Ireland and Graham Vreeland."

Mrs. Saffell is the widow of the late W. B. Saffell, and was Miss Amelia Browder before marriage. She made the further verbal statements that she was on St. Clair street, between the State House and the bridge, when the shooting occurred, and was facing the bridge. Of course, with her back to the State House she could not see who fired the shot.

Other witnesses have known all along exactly where Mrs. Saffell was standing when the shots were fired, and therefore knew that the story purporting to come from her to the effect that she was in the State House yard at the time, and knew the man that fired the shots, was untrue.

Mrs. Saffell intimates in her statement that she had written something before on the subject, and this writing is supposed to be the affidavit which she is said to have given to W. S. Taylor, and upon which the defense in the Whittaker case seems to be relying to clear its man and other suspected parties.

Colonel T. C. Campbell left to-night for New York, where he goes to file a \$100,000 libel suit for Colonel Jack Chinn against the New York World. The World printed alleged statements from Mrs. Amelia Saffell and Mrs. Kate M. Banta, of this city, charging that Chinn killed Goebel. Chinn yesterday sued Mrs. Banta for \$25,000 libel.

STATE BANKS.

They Are Most All Preparing for Charters Under the National Banking System.

NEW YORK, March 7.—Advices received by local banking interests to-day from small towns throughout the United States indicate that the State banks of all sections are preparing for charters under the National system as soon as the currency bill becomes a law.

It was estimated to-day that any one with \$3,000 capital could start a National bank under the new system. All that is required is \$25,000 in 2 per cent. Government bonds, which could be secured at ruling rates for \$26,750. These representing the capital of a bank, could be sent to Washington and circulation for amount of capital could be taken out. The organizer of the bank would then have only \$2,750 tied up in the enterprise, but could take deposits in the regular way.

ELMER E. VANCE's realistic comedy drama, "The Limited Mail," at the Washington Opera House, Saturday, March 10th. Although now in its tenth season this play seems to have lost none of its popularity, but still remains one of the big money makers, and is playing to enormous business everywhere. "The Limited Mail" is a railroad play, and as Mr. Vance was a telegraph operator and a railroad man before becoming a playwright, it is reasonable to suppose that the scenes and effects in his play are realistic in an unusual degree. The star of the company is dainty little "Beatrice," who is perhaps the most successful impersonator of boys now on the stage. She will appear as the mischievous imp, Jim Harland, and will introduce her graceful Spanish dancing during the performance.

The supporting company is a well balanced one. Seats are now on sale at Nelson's.

Underwear!

Your grand mother would have looked with scorn on a woman who did not make her own underwear—and scratch all the gathers. But if your grandmother could examine the heaps of white beauty on our second floor she would learn how the modern way saves the time and the lives of women—and gives them, on the whole, far better underwear. You couldn't afford to make underwear for yourself at our prices.

CHEMISE

One excellent idea shown in a chemise is cut very low in the neck and square at back and front with a soft ruff falling over the shoulder. The top of the garment is made entirely of insertions of lace and embroidery. At the extreme edge is an embroidered ruffle. Length of chemise 50 inches. Price \$1.50.

Another beautiful chemise has the bodice cut in Marguerite style with rows of tucks extending round it, alternating with insertions. A dainty ribbon and fine lace finish the neck. On the lower edge is a Persian lawn ruffle. The softest French Nainsook is used in building this exquisite garment. Price \$2.50.

Other less aristocratic members of this class range down in price to 25c. A quarter of a dollar buys an excellent Masonville Muslin Chemise neatly corded.

COLONEL "JACK" CHINN

Is Angry Over the Unjust Insinuations Against Him.

[Enquirer.]

FRANKFORT, Ky., March 6.—Colonel Jack Chinn is very "hot under the collar" to-night. He is wrought up over the charges made that he shot his friend, Senator Goebel, and says that he proposes to make some people sweat for their talk. In the Circuit Court here this afternoon he brought a suit of \$25,000 against Mrs. Bonta, alleging that she said he killed Goebel.

"There are others," said Colonel Chinn, "against whom I am going to bring suit, a few newspapers and some vilifying individuals."

Mrs. Kate Bonta was visited by the Enquirer correspondent to-night. She declined to be interviewed, saying:

"I was served with a notice this afternoon that I had been sued by Mr. Chinn for \$25,000. I do not know specifically the charges in his petition and for the present have no statement to make."

But Mrs. Bonta did talk about another matter. It was the interview with State Inspector and Examiner Lester, published in Monday's Enquirer, in which he said that Mrs. Bonta told him that she saw three men pass Senator Goebel near the fountain a moment before he was shot. She says she made no such statement to him. "What I said to him was that I had seen three men near the fountain and that those three men were Senator Goebel, Eph Lillard and Jack Chinn."

CORONER WOOD's investigation Thursday of the death of an infant child born to a daughter of Norman Massie near Tuckahoe disclosed the fact that there was nothing criminal in the death of the child.

CHRISTIAN SCIENCE

Causes the Divorce of Ex Congressman White and His Wife.

CHICAGO, March 4.—Belief in the efficacy of faith as a cure for disease was the cause of the divorce granted to George E. White, Ex-Congressman and wealthy lumber dealer, from his wife, Minnie A. White. The bill was filed in the Circuit Court Wednesday of last week. It was suppressed from publicity, the hearing being held before Judge Tuthill, a friend of the family, Thursday, and a decree granted 22 hours after the case had been placed on record.
